SECRET 25X1 -2-3. At about 7 p.m. on 19 March, 1 train was seen on Eisenbahnbruecke in Magdeburg, en route toward Buckau. At about 3 p.m. on 20 March, 1 train with about 35 trucks, 1 sedan, 12 rocket launchers 25X1 on an undetermined number of flatcars and troops on about 15 boxcars moved along the Eisenbahnbruecke toward Buckau. 3 At about 9 p.m. on 20 March, a column of about 35 trucks, 7 x 76-mm field guns, and 7 x 122-mm field howitzers moved along Nordbruecke toward an easterly direction. Intensive training activity was observed on Auf dem Anger on 16 and 18 March. 4. From 17 to 27 March, soldiers were engaged in service of the piece drill on four AA guns of 37-mm, 76-mm, 85-mm and more than 85-mm in the yard of the Flak Kaserne in Magdeburg almost daily. On 20 March, eight trucks towing guns of more than 85-mm 25X1 the installation and, apparently, did not return. A large number of vahicles left the Zuckerbusch Kaserne and Seeckt Kaserne for the area of Wilhelm Pieck Bruecke where an emergency bridge was under construction. Soldiers and 76-mm AA guns and 120-am mortars left the Nachrichten Kaserne almost daily during the period under review. On 18 March T-44 tank was loaded in Magdeburg Friedrichstadt. On 25 March, about 300 sol-25X1 diers practiced marching in the ward of the Nachrichten Kaserne. On 18 25X1 March, T-34 tanks which had come from the direction of Koenigsborn were detrained in Magdeburg-Friedrichstadt. 5. At 10 p.m. on 29 March, a train consisting of about 15 boxcars and an undetermined number of flatcars carrying about 10 trucks 25X1 1 kitchen truck; 6 caterpillar tractors; and 6 x 122-mm field guns was observed passing through Biederitz and proceeding toward Altengrabow. 25X1 Comment. The shipment observed on 21 March was probably prepassing through the Seddin railvicusly observed 25X1 road station. units of the artillery regiment of KVPD Frenzlau were moving from Kirchmoeser o Torgelow. The shipment on 23 March 25X1 passing through Satzto Bernau was previously ceen Units of the 120th (?) AAA Regt of the 6th Gds Mecz Div probably returned from Justerbog. 25X1 the infantrymen entrained on 23 March belonged to units of the 63d AAA Div which. according to other information, were transferred to Jueterbog The units of the 312th Gds RL Regt of the Fourth Gds Mecz Army which had previously been reported entrained were erroneously believed bound for Jueterbog. 25X1 They were confirmed returned on 26 March. the train observed on 25 March carried an air force passing through AAA unit and was possibly observed Oranienburg for Eberswalde-Finov on 24 March. Comment. The guns unloaded on 24 March probably were 122-mm field 25X1 nowitzers of the 124th Hv How Arty Brig which returned from Altengrabow on that day. 25X1 The motor vehicle observed with the unloading or AAA belongs to the 25th Tank Div. It is believed, however, that the
